PH200 - all variants

PH300 - all variants

PH600 - all variants

ZA015-all variants (with exception of 19" rack unit)

ZA035A - all variants

### Scope

The purpose of this document is to serve notice of the discontinuation/retirement of a product, to define the level of service support and where applicable, advise of any new or alternative models that replace the discontinued/retired product.

### Discontinued Products

This notice serves only to retrospectively clarify the status of these products and confirm that production of the models listed below has ceased within the last several years; where applicable, replacement products are shown. Typically, Peak Scientific fully supports all discontinued products for a minimum period of 5 years post-discontinuation however this has been extended for some of the products listed, please refer to the table below for product specific details.

Part Number	Model	Supported until	Replacement model	Part Number (s)
40-1140	AD140L-PNEU	Oct-16	AD-140L	40-1142

All part numbers	PH300 - all variants	Oct-19	Precision Hydrogen 300cc	63-0300
All part numbers	PH600 - all variants	Oct-19	Precision Hydrogen 2 x 300cc	63-0300
All part numbers	ZA015-all variants (with exception of 19" rack unit)	Mar-18	Precision Zero Air 1.5L	60-1500/1501 + 65-0555/1555
All part numbers	ZA035A - all variants	Jan-19	Precision Zero Air 3.5L	60-3500/3501 + 65-0555/1555

\* Please note some NM30L variants have previously been 'retired' (DN-004), however as there are no concerns over availability of replacement parts, we will now continue to support all variants of this product until July 2018; these products will enter retirement after this date.

**Retired Products**

The following product(s) have been discontinued for a period of 5 years and have now been formally retired. Products typically enter a 1 year retirement phase after an effective discontinuation period of 5 years; thereafter products are formally obsoleted.

Replacement models and part numbers, where applicable, are shown below.

Part Number	Model	'Best efforts' support until	Replacement model	Part Number
45-1550	PG150L-220-UK	Mar-17	No direct replacement	n/a

### **Effective Date**

This notice confirms that each of the products listed have been formally discontinued/retired, the support dates stated on this notice supersede any previous communications.

### **Replacement Products**

There are *direct replacements* for some of these models, where applicable these are shown. If no direct replacement is indicated, there will be products within the Peak Scientific product portfolio which are capable of delivering a similar quantity or quality of gas. Please contact your Peak Scientific account manager should the requirement arise.

### **Service and Support**

#### Discontinued products

Peak Scientific will fully support all products listed as discontinued until the date shown.

Service kits and spare parts will be made available for these products until the support period has ended, after this time we will endeavor to provide support for a further period of 1 year on a 'best efforts' basis, dependent on the future availability of spare parts. Please contact your Peak Scientific account manager if you have a requirement for service kits/spares.

#### Retired products

All retired products will supported on a 'best efforts' basis until the date shown. Availability of spare parts and service kits for these products is limited and may be subject to extended lead times. Please contact your Peak Scientific account manager if you have a requirement for service kits/spares.

At the end of this support period these products will be formally obsoleted and Peak Scientific will no longer offer direct support.
