

## Planned Discontinuation Notice

### Donaldson Nitropac

**Scope**

The purpose of this document is to serve notice of the pending discontinuation of a product, to advise whether, and for how long orders are going to be accepted and to advise of any new or alternative models that will replace the discontinued product.

Nitropac N085	i-Flow Prime 7082	TBC
Nitropac N095	i-Flow Prime 7092	TBC
Nitropac N105	i-Flow Prime 7102	TBC

**Last Quotation/ Order Date**

Following the release of this notice, please refer to the list of suitable replacement products for all new incoming enquiries.

The last order date for the affected part numbers will be March 31<sup>st</sup> 2023. Thereafter the models will be discontinued, and the manufacturing of these products will cease.

**End of Life Phase**

For any existing offers and quotations, pre-dating this notice, Peak Scientific will endeavor to fulfil incoming orders if placed on or before 31/03/23; due to reduction in stock levels we will not be able to fulfil any orders placed thereafter.

**Service and Support**

Peak Scientific typically offer service and support for discontinued products for a minimum period of 5 years, which will allow existing customers to upgrade and service their Nitropac units until at least 31<sup>st</sup> March 2028.
